Kwandwe Private Game Reserve

This 50 000 acre reserve is situated in the malaria-free wilderness to the north-east of Port Elizabeth in the Eastern Cape Province and is arguably the region's finest big game viewing area – being home to both white and black rhino, lion, leopard, cheetah, brown hyena, elephant and a number of species of rare antelope such as the black wildebeest and red hartebeest. A conservation success story, Kwandwe (which means 'Place of the Blue Crane' in honour of the seasonal presence of South Africa's national bird) is home to thousands of animals, most of which have been reintroduced after being persecuted to local extinction. The Great Fish River meanders for 30km (19 miles) through the reserve and is of historical significance as the frontier border of the old Cape Colony.

Great Fish River Lodge

One of 4 Lodges and Manor Houses on the Reserve, Great Fish River Lodge comprises 9 stone and thatch en-suite villas with private plunge pools overlooking the river from which it takes its name and which is the lifeblood of the Reserve.

The Greater Kruger

The Kruger National Park is the second oldest National Park in the world and arguably the best-known of Africa's great wildlife sanctuaries. At 6 million acres, the Park is one of the largest in the world and has the greatest diversity of fauna and flora of any African park. A unique feature of the park is the inclusion (no physical barrier) along the western border of 650 000 acres of private conservation land into a mega-park called 'Greater Kruger'. Many of Africa's finest lodges are to be found in this private section which is divided into separately managed reserves, one of which is the famous Timbavati Private Nature Reserve comprising 150 000 acres of prime wildlife land where your camp is situated. The exclusivity of this region affords visitors the opportunity to approach and follow big game off-road, to participate in bush walks and to search for nocturnal species after dark with spotlights.

Kings Camp

This camp reflects the charm and romance of a colonial past in a pristine corner of unspoilt Africa. The 11 spacious thatched suites look onto an open savanna plain with a waterhole, which is frequented by a wide variety of wildlife, day and night. Activities offered at the lodge include morning and afternoon game drives accompanied by a guide and tracker, whilst bush walks with an armed guide are also offered after breakfast and are the ideal way to experience the smaller things that are so easily missed while on a vehicle. **Kings Camp Website:** <http://www.kingscamp.com>

Light aircraft transfer to the Sabi Sand Game Reserve

Sabi Sand Private Game Reserve, southern Greater Kruger – Leopard Hills – 3 Nights

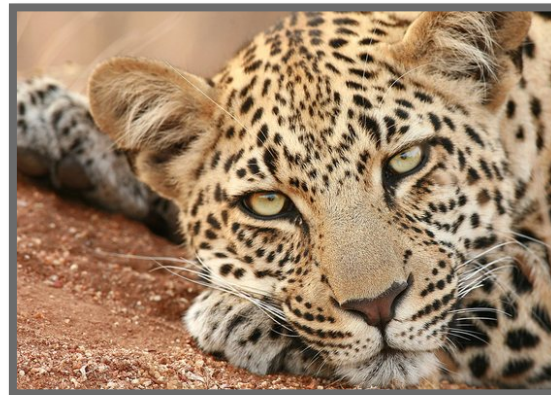

Included: All meals, local beverages, laundry service, daily activities, private guide & private vehicle (with private tour option).

Sabi Sand Reserve

The Sabi Sand Game Reserve is situated in the southwestern corner of the world-renowned Kruger National Park and comprises 65 000 hectares (160 620 acres) of rolling savannah and riverine woodland along the many ephemeral streams and perennial Sand River. It is the most prestigious game reserve in South Africa with one of the richest game populations in the country. The area is renowned for its big game viewing (especially leopard), and the totally open vehicles, ability to follow big game off-road, night drives with spotlight to search for nocturnal species and the contributory skills of some of the best wildlife trackers on the continent will make for a thrilling safari.

Leopard Hills

This small and intimate lodge commands spectacular views over the rugged woodland and a waterhole and has only 8 spacious and luxurious air-conditioned suites, each boasting fabulous views from a private deck with plunge pool. **Leopard Hills Website:** <http://www.seasonsinafrica.com/lodges-in-south-africa/sabi-sand-private-game-reserve/leopard-hills-private-game-reserve/>
