Kruger National Park – Lukimbi Safari Lodge – 3 Nights / Leopard Creek Golf Course

Included: Accommodation, all meals, x2 game drives daily

The Greater Kruger

The Kruger National Park is the second oldest National Park in the world and arguably the best-known of Africa's great wildlife sanctuaries. At 6 million acres (2,5 million ha), the Park is one of the largest in the world and has the greatest diversity of fauna and flora of any African park. A leader in environmental management, the Kruger National Park offers visitors fantastic Big Five sightings, as well as viewing of endangered game such as the African wild dog and birdwatching of over 507 bird species.

Lukimbi Safari Lodge

Situated in a private concession in the southern portion of the Kruger National Park, the lodge overlooks the Lwakahle River and has 14 Classic Suites and 2 Premier Suites. Twice daily game drives take place in the morning and afternoon and off-road driving for high –profile species is allowed under strictly controlled circumstances. The main area comprises a library and extensive decks and living areas with a bar and lounge that overlooks a waterhole where animals come to drink. An open-air boma is the perfect place to take in the spectacular night skies while dining out under the stars.

Leopard Creek Golf Course

This ultra exclusive golf course is hands down, South Africa's best wildlife / safari golfing experience. Bordering the Kruger National Park and separated by nothing less than the Crocodile River, the course represents African golf at its best with indigenous bushveld bordering the immaculate fairways and greens. The emerald green surfaces and white sculpted bunkers are naturally protected from the resident wildlife through innovative architecture and

landscaping. That said, hazards at Leopards Creek certainly take on a new meaning with sightings of crocodile, hippo, antelope, buffalo and elephant being all too common. A dream for the safari enthusiast!

Leopard Creek is another of the Gary Player designed courses and the old master chose to go with a parklands layout measuring in at 6 665 m (7 289 yd). Gary Player is especially proud of the par-five 18th with its island green and the par-four 9th with its peninsula green jutting out of the same body of water. The 505 m (552 yd) par-five 13th is one of Leopard Creek's most memorable holes. Here the green is right on the edge of the Crocodile River but 32 m (105 ft) above the level of the water, offering magnificent views up the river.

The elegant clubhouse is sited on the bank of the Crocodile River. The lounge leads on to a covered patio – watch play on the 9th and 18th greens or enjoy a leisurely cocktail and a superb view of the animals in the Kruger National Park. A second terrace leading out from a fully equipped bar offers spectacular sunset vistas over the river. An extensive, professional kitchen serves full meals. A fully stocked Pro Shop, well-appointed changing facilities and individual lockers, spike-proof carpeting throughout and covered parking for golf carts cater for the most discerning golfer.
